

## Villas

Last Updated Monday, 03 November 2008

Tiri Villas caters to families, couples, honeymooners, and budget travelers. Our custom-designed single level Fijian style villas were built to maximize views.

We offer 3 types of accommodation: Beachfront Villas..... Garden Villas..... Group/Family Villas

The 6 Beachfront Villas, which are 90 square metres (980 sq. ft.) in size, are located between the mangroves along the beach. They are raised five steps above the ground. They have a spacious open room which includes a living area that opens up to a large covered verandah for spectacular views of the ocean and sunsets. All villas have a king size bed, native hardwood floors and hand-made furnishings, a small refrigerator, and are cooled by air-conditioning. The bathroom has imported fixtures, a shower stall, a whirlpool bath tub, toilet, and a single wash hand basin.

The 5 Garden Villas, which are 83 square metres (900 sq. ft.) in size, are surrounded by tropical flora. They are raised four steps above the lawn. They have an open room which includes a living area that opens up to a large covered verandah. All villas have native hardwood floors and hand-made furnishings, a small refrigerator, and are cooled by air-conditioning. Two villas contain 1 queen size bed for double occupancy, and 3 villas contain 1 queen and 1 single size beds for triple occupancy. The bathroom has imported fixtures, a shower stall, toilet, and a single wash hand basin.

The 3 Group-style or Family Villa has been built in contemporary Fijian style with thatched roofs. Each villa is 45 square metres (484 sq. ft.) in size and contains 5 single size beds. The villas are adjoined and have private bathrooms with shower stalls and toilets. The bathrooms can be communal or sectioned off depending on the group/family requirements.
